

Cookie Notice

Cookie and Tracking Technology Notice — 27 August 2026

What is Grupop and who we are

Grupop is an online classroom rewards platform for Irish schools, created and operated by Grupop Classroom Limited ('Grupop', 'we', 'us' or 'our' in this Cookie Notice). We respect your privacy and data protection rights.

What are cookies?

Cookies are small text files that are placed on your device when you visit a website or app. They are used to make websites function and to help websites remember information about you (e.g. login details and settings).

Similar technologies such as local storage and session storage serve a similar purpose and are also covered by this Cookie Notice. Cookies and tracking technologies are referred to as 'cookies' throughout this Cookie Notice.

Our use of cookies

We use cookies to ensure you get the best experience. We only use cookies that are strictly necessary for the website and app to function properly.

We use the minimal number of cookies that are strictly necessary for the functioning of Grupop.

We do not use or deploy advertising or marketing cookies or cookies that require your consent.

The following are the cookies we use:

Name	Type	Purpose
grupopToken	local storage	Encrypted teacher login token so the teacher stays signed in between sessions
teacherId	local storage	Teacher account identifier for the current session
grupopOnboardingToken	local storage	Short-lived token for the signup / Stripe Checkout flow so registration can continue after returning from payment (cleared when checkout finishes)
grupopClassId	local storage	ID of the teacher's current class, used for API calls and resources
grupopClassSetup	local storage	Draft class setup data during class creation / setup
grupopPupils	local storage	Cached pupil list (first names and related class roster data)
grupopGroups	local storage	Cached group list for the class (names, IDs, images, etc.)
grupopPositions	local storage	Cached layout positions for groups / cauldrons on the class board
grupopTextMode	local storage	Class communication mode (standard, shared minimal text, or individual minimal text)
grupopHasPinSet	local storage	Whether the teacher has set a PIN for locking the teacher panel
grupopSharedGoal	local storage	Cached shared Pop Target / reward for shared minimal-text mode
grupopCommunityPollResourcePanelMax	local storage	Records that the teacher has already voted in the current community poll
grupopHintsEnabled	local storage	Legacy preference for optional hover tips (defaults to on if unset). Classroom tip tour visibility is controlled separately by grupopClassroomIntroSeen
grupopClassroomIntroSeen	local storage	Per teacher account: records which signed-in teachers have completed or skipped the first-visit classroom tip tour in this browser, so a different teacher account on the same device can still see the tour
grupopPupilCode	session storage	Pupil access code after login, carried into the pupil page for that browser tab
grupopPendingVerificationEmail	session storage	Email address waiting for verification after registration
grupopPendingVerificationAt	session storage	Timestamp used for the verification email resend cooldown
grupopPendingGroupSetup	session storage	Flag to continue group setup after renewing or editing a class
grupopSoundEnabled	session storage	Class board sound on/off preference for the current tab

Name	Type	Purpose
grupopNamesVisible	session storage	Class board name visibility preference for the current tab
grupopHintsDismissed	session storage	Which hint IDs have been dismissed in this browser tab, so they stay hidden until the tab is closed
grupopClassroomIntroReplay	session storage	One-shot flag set from Help so the classroom tip tour runs again on the next classroom page load in this tab
grupopPupilCodesUnlocked	session storage	Marks that the teacher has re-entered their password so Pupil Codes can stay unlocked for this tab
grupopActivityCelebrationGroupIds	session storage	Group IDs to celebrate when returning to the class board for Pop Progress / Pop Pal celebration

Third party cookies

- Grupop does not embed social media widgets, advertising networks, or other third-party content that places third party cookies on your device. Website analytics are provided by Plausible without cookies.
- Our payment processor Stripe may set cookies during the subscription checkout process. These are governed by Stripe's own cookie policy and privacy policy, which you can find at stripe.com/privacy.

Your rights and do we need your consent?

Under Irish and EU law (ePrivacy Regulations and GDPR), strictly necessary cookies do not require user consent. All cookies used by Grupop fall into the strictly necessary category — they are essential for the platform to function and cannot be disabled without breaking the service.

If we introduce any non-essential cookies in future we will update this Cookie Notice and implement appropriate consent mechanisms.

How to manage cookies

Although all cookies used by Grupop are strictly necessary, you can manage or delete cookies through your browser settings. Please be aware that deleting Grupop's authentication cookies will log you out of the platform and you will need to log in again.

Updates to this Cookie Notice

We may update this Cookie Notice from time to time. Any changes will be posted with an updated revision date.
